To: Artoria (Dee) Frazier – Women with Voices

Dear Dee,

We would like to thank you for providing us with the opportunity to work with you and your team for such a worthwhile cause. Very few people invest the time to do what you do as often people are caught up with their busy lives and fail to stop and think “what would the world be like if we gave just a little bit of time to a good cause?”

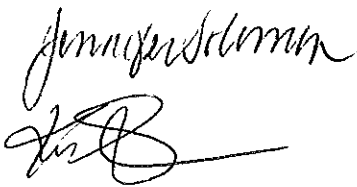

We are grateful to you for allowing our children to be a part of such a great cause whether it was gathering supplies for less fortunate children, feeding the hungry in Camden or assisting the Hurricane Sandy Relief in Coney Island. These experiences provided our children with a sense of belonging while teaching them to see the value of helping others in need. We believe that these experiences, along with your guidance have helped shape our boys into the young men that they have become.

On behalf of Jen ,Kyle, Brenden and myself, we wish you continued success in your volunteer efforts and are confident that you will continue to make the difference- not only in helping others but in teaching families like ours the benefits and importance of supporting those in need.

We wish you all the best and hope that our paths cross again in the future!

Warm regards,
