Dear Ms. Frazier:

Please accept our sincere thanks to Women with Voices for sponsoring a back-to-school picnic for Crossroads Programs youth. Your generous donation of school supplies, gym bags for girls, lunch and snacks, valued at \$1,242.74 were warmly received by all of our youth. The Women with Voices mission to provide the essential tools for Crossroads youth to start a productive and prosperous school year has been met!

Community support plays a large part in the success of Crossroads Programs and greatly impacts the service we are able to provide to the young people who rely on us. It is especially nice to have supporters who understand our goal to promote the healthy development of youth who have very few of the resources needed to grow up in this world. We believe that all youth deserve a chance to discover and put to use their inherent strengths and talents in order to grow and become successful, contributing adults.

We are grateful for your support – your partnership in our work *truly makes an impact* on services for our kids.

Sincerely,

Julie Carleton
Director of Development

Thanks so
much, Dee, to you
